In addition, Section 21(b) requires that at least 10 months before the start of the budget year, table in the Municipal Council a time schedule outlining key deadlines for the preparation, tabling and approval of the annual budget and the annual review of the IDP as well as budget-related policies.

1.1.5 Chapter 6 of the Local Government: Municipal Systems Act, 2000 (Act No. 32 of 2000), requires local government to:

- Develop a performance management system.
- Set targets, monitor and review performance based on indicators linked to the Integrated Development Plan (IDP).
- Publish an annual report on performance management for the councillors, staff, public and other spheres of government.
- Incorporate and report on a set of general indicators prescribed nationally by the Minister responsible for local government.
- Conduct an internal audit on performance before tabling the report.

1.2.3 Systematic IDP/SDF Review Approach

The Final 2026 - 2027 IDP/SDF Process Plan is a reviewal plan required by the Municipal Systems Act of 2000 Section (29) states that:

b) Through appropriate mechanisms, processes and procedures established in terms of Chapter 4, allow for-
    i. the local community to be consulted on its development needs and priorities;
    ii. the local community to participate in the drafting of the integrated development plan; and
